SKILLS SUMMARY

- Programming Languages:** Python, C++, SQL
- Frameworks:** TensorFlow, Scikit-learn, PyTorch, Pandas, NumPy, Hugging Face Transformers
- API's:** OpenAI, Ollama, Google
- Soft Skills:** Leadership, Problem-Solving, Adaptable, Team Management

INTERNSHIP

- Infosys | Bangalore** Mar 2024 - Jun 2024
Artificial Intelligence Intern
 - Developed a system integrating **computer vision** (DETR model) and **NLP** (GPT-3.5-turbo) to generate engaging narratives from images
 - Implemented features for drawing bounding boxes with object labels to enhance visualization and storytelling automation
 - Utilized **Python, Hugging Face Transformers, PIL**, and the **OpenAI API** to integrate workflows seamlessly
- BSNL Ltd | Madurai** Jul 2022 - Aug 2022
Intern
 - Completed an internship during the testing phase of BSNL **Next Generation Network (NGN)** systems
 - Gained hands-on experience in telecom infrastructure, network protocols, and data transmission systems
 - Explored how large-scale communication systems are built and tested, sparking an interest in **applying AI to improve automation and network efficiency**

PROJECTS

- Brain Tumor Detection and Clinical Report Generation using U-Net and NLP | LPU** Mar 2025
 - Developed a 3D medical image segmentation system using **MONAI's U-Net** to classify tumors, ventricles, and gray matter from MRI scans
 - Conducted **volumetric analysis** and **anatomical localization** to extract meaningful clinical insights from segmented data
 - Utilized an **advanced NLP model** to automatically generate structured clinical reports, including diagnoses, treatment suggestions, and anatomical details
- Code-Mixing and Code-Switching using CNN, SVM, LSTM and N-Gram | LPU** Sep 2024
 - Designed and implemented a system to identify and label **code-mixed and code-switched** text using machine learning models like Naive Bayes, SVM, and **deep learning techniques** (CNN, LSTM).
 - Utilized **CountVectorizer, TF-IDF, and FastText** for efficient feature extraction and multilingual dataset preprocessing
 - Integrated **TensorFlow** for building and training models, achieving robust results in detecting linguistic patterns with advanced **NLP techniques**
- Art of Visual Storytelling| LPU** May 2024
 - Built an AI-driven system combining **computer vision (DETR)** for object detection and **OpenAI GPT-3.5-turbo** for generating creative stories from images.
 - Developed features for drawing bounding boxes with object labels to enhance **visualisation and storytelling automation**
 - Utilized Python, **Hugging Face Transformers, PIL**, and the **OpenAI API** to integrate workflows seamlessly

ACHIEVEMENTS

- Published research paper in an international conference** Dec 2024
Selected to present the research paper “**Code-Mixing and Code-Switching Using CNN, SVM, LSTM, and N-Gram**” at the **Hinweis International Conference**, showcasing advanced NLP techniques for language identification and processing
- Presentation at Celebrating Tech @ Bangalore DC AI in Action** Oct 2024
Presented the project “**The Art of Visual Storytelling**” at the Celebrating Tech @ Bangalore DC AI in Action event, hosted by Infosys
- Gold Medalist in Diploma** Dec 2023
Achieved a Gold Medal in Computer Science Engineering during the diploma program for academic excellence and top performance

CERTIFICATES

- Data Visualization: Empowering Business with Effective Insights by Tata and Forage Aug 2024
- Programming in C++: A Hands-on Introduction by Codio May 2024
- The Bits and Bytes of Computer Networking by Google May 2024
- Generative AI by Coursera Apr 2024
- Artificial Intelligence Certification Training by Infosys Springboard Mar 2024
- Geospatial Analysis Using Google Earth Engine by IIRS, ISRO Feb 2024

EDUCATION

- Lovely Professional University** Punjab, India Jul 2026
B.Tech. Computer Science and Engineering: CGPA: 5.3
- Tamil Nadu Government Polytechnic College** Madurai, India Apr 2020 - Mar 2023
Diploma in Computer Science and Engineering: Percentage: 88.7%
- Kendriya Vidyalaya** Madurai, India Apr 2019 - Mar 2020
Secondary Education: Percentage: 56.4%
